

## *Hospice Volunteers Also Benefit As They Serve In Many Ways*

National Volunteer Week came and went in April, but Hope Hospice continues its focus on growing its corps of dedicated hospice volunteers who wish to make a lasting difference in the lives of patients and their families.

Hope Hospice volunteers consistently report this is a two-way street.

Says volunteer Steve Morrissey: "For the past 15 years I have enjoyed my time as a Hope Hospice volunteer, both learning and giving my time. Since I joined Hope Hospice in 2001, I have worked in private homes, nursing homes and recently I began working with We Honor Veterans. I have found a special bond between our veterans and myself as a Navy vet. The smile on their faces, as we honor them for their service to our country means so much, especially with family and friends looking on. Hope Hospice is a special place, with so many opportunities for everyone to give of their time and talents!"

There are a wide range of volunteer opportunities available to match specialized expertise, talents and interest in caring for others. They range from patient and family care and support to administrative assistance. All volunteers also participate in a comprehensive training program.
